Entry examination guidelines

Dear clients:
According to relevant COVID control regulations, starting from 05 May 2022, all clients visiting Beijing ITHCC are required to present a negative COVID nucleic test report performed within 48 hours upon entering apart from regular code scanning and epidemic inquiries. The negative COVID test should be presented via Beijing Health Code or in a paper copy. The validation time frame would be based on the "time of test" for Beijing Health Code reports, and on the "time of report" for paper reports.

Please make an appointment online 2 days in advance.
Reserve website: <http://www.beijingithc.org.cn> or Click “我要预约” on our center WeChat public account.
Physical examination failed to make an appointment date, please make an appointment again.
Address:1:1F ,20 Heping North Street, Dongcheng District, Beijing.

Address:1:1F ,20 Heping North Street, Dongcheng District, Beijing.
Inbound health examination time:
1:00- 3:00pm on weekdays.
Address 2: NO.10 Dezheng Road.Haidian District.Beijing.
Inbound health examination time:
8:30- 11:00am on weekdays.
Points for attention:Please bring your passport as well as 2 pieces of 2-inch colored photos between and keep fasting. Please take the ticket on queuing machine and wait in line with your numbers in order.

Requirements for certificate confirmation

The results of the physical examination have to be filled in the form named as “Physical examination record for foreigners”, and have to be attached all original reports. Two stamps are needed, one is crossed on photo of the applicant at the first page, and the other should be on signature of doctor’s at the second page. Date of the report at the second page should be clearly. These physical examination records are valid for six months from the date of issue.

2.The physical examination record should be finished and issued in a governmental hospital

abroad. If it was issued by a private hospital, the record should be notarized by a proper authority/notary. These examination records, whether issued by governmental or private hospitals should be confirmed by the nearest embassy or consulate of P.R.C abroad. When registration, the confirmation letter or label for the record is needed.

3. Before registration, applicants should prepare following documents:
1) Original papers of the “Physical examination record for foreigners” and attached reports.
2) The confirmation letter or label for the record.
3) Passport, passport copy (information page and the latest visa page) and 2 photos.

Notice: Because there may be some technical and policy differences, acceptance of the physical examination record should be depended on our consulting doctors. You may be required to take some tests for the suspicious results or items you didn’t finish abroad in order to complete the confirmation. Thank you for your cooperation!
